3.0	01-September-2026	Abhyudaya Shetty	Kaiful Wara	Vikas Bhansali	NA

APPENDIX A: POLICY INTERPRETATION

Where a learner is covered by the Career Readiness Program, the policy should be read as a single framework:
(1) Certification eligibility and Career Services eligibility must be satisfied.
(2) CRP assessment stage attendance in live classes and certification requirements must be satisfied.
(3) The active Career Readiness Score determines the learner's access level.
(4) All recruitment participation, offer, conduct and debarment rules continue to apply.
Company specific eligibility criteria remain outside PW Skills control.

Career Services – Quick Summary

- **Career Services provides access to job and internship opportunities but does not guarantee placement.**
- You must meet the **eligibility criteria, register on Career Services Platform, and follow all Career Services rules**.
- **Education:** Graduation and above; eligible if graduated within the **last 5 years** or graduating in the **current/upcoming academic year**. Tech learners must have **B.Tech, B.E., BCA, or MCA**.
- Your **Career Readiness Score** determines the level and range of opportunities available to you.
- **Certification & Assessment**: Maintain 60%+ attendance to appear for assessments and qualify for certification with a Final Career Readiness Score of ≥40%. Learners with 50%–59% attendance may take a remedial assessment.
- You can get a maximum of **5 interview opportunities** during the **3-month Career Services period**.
- **Once you receive a job offer, access to Career Services generally stops.**
- After applying, **attend interviews and complete the recruitment process** repeated absence or misconduct can lead to **permanent debarment**.
- **Keep your details updated and participate responsibly** throughout the process.

CHAPTER 1: INTRODUCTION AND GENERAL PROVISIONS

1.1 Purpose of the Policy

- Inform learners about the terms, processes and procedures of Career Services provided by PW Skills.
- Define expected learner conduct throughout Career Services and recruitment processes.
- Define provisions and procedures for accepting job and internship offers.
- Establish a standardized Career Readiness framework covering technical competency, employability skills, interview preparedness and overall career readiness.
- Use periodic assessments and mock interviews to generate a transparent Career Readiness Score that governs access levels to Career Services opportunities.
- Encourage continuous improvement through recurring assessments and a merit based allocation of placement and internship opportunities.

1.2 Applicability

- This policy applies to learners enrolled in PW Skills programs where Career Services and/or Career Readiness Assessments are conducted.
- Participation in Career Readiness Assessments is mandatory for learners seeking Career Services support.
- Career Services provisions remain applicable until three months after completion of the respective batch, subject to eligibility and active Career Services status.
- Only learners meeting the applicable course completion, eligibility and Career Readiness requirements may access Career Services opportunities.

1.3 Disclaimer

- Career Services is a facility offered by PW Skills and does not guarantee job offers, internships, interviews or employment.
- A Career Readiness Score is an assessment/readiness indicator and does not constitute a placement guarantee.
- PW Skills reserves the right to modify this policy as deemed appropriate.
- Learners are not entitled to any fee refund or reimbursement on account of Career Services eligibility, withdrawal or disqualification.
- English is mandatory for Career Services communication, hiring drives, interviews and career support.

CHAPTER 2: CAREER READINESS PROGRAM (CRP)

Objective:

- To assess and strengthen learners' technical, communication, and interview readiness through a structured, multi stage assessment framework.
- To provide a measurable Career Readiness Score that determines placement readiness, Career Services access, and certification eligibility.

2.1 Definitions

Term	Definition
Career Readiness Score	Consolidated score out of 100 representing overall placement readiness.
Technical Test	Assessment of domain knowledge, technical understanding and problem solving.
AI Mock Interview	AI simulated interviews assessing communication, confidence and interview readiness.
Human Mock Interview	Live mock interview conducted by an assigned mentor, trainer or industry professional.
Readiness Level	Career Services placement category assigned based on the latest Career Readiness Score.

2.2 Assessment Framework

The CRP consists of four stages. Each stage carries 100 marks and contributes 25% to the Final Career Readiness Score.

Stage	Components	Marks	Weightage
Stage 1	Technical Test + AI Mock Interview	100	25%
Stage 2	Technical Test + AI Mock Interview + Human Mock Interview (Pro learners)	100	25%
Stage 3	Technical Test + AI Mock Interview	100	25%
Stage 4	Technical Test + AI Mock Interview + Human Mock Interview (Pro learners)	100	25%

2.3 Final Career Readiness Score

- Final Career Readiness Score = (Stage 1 × 25%) + (Stage 2 × 25%) + (Stage 3 × 25%) + (Stage 4 × 25%).
- Each stage contributes equally to the final score.
- The latest Career Readiness Score recorded in the system is the active score for Career Services eligibility and access level.

2.4 Certification

- Direct Certification: Certificate awarded when attendance is ≥60% in live classes and the Final Career Readiness Score is ≥40%.

- Remedial Eligibility: Learners who do not qualify for direct certification but maintain ≥50% attendance in live classes may take a remedial assessment.
- Remedial Assessment: Conducted within 2 weeks of result declaration; components are Technical Test + AI Mock Interview; maximum marks 100.
- Remedial Result: Score ≥40% results in certification; below 40% results in no certificate.
- No certification is awarded where attendance in live classes is below 50%, the remedial score is below 40%, or misconduct is detected during assessment.

CHAPTER 3: CAREER SERVICES ELIGIBILITY

3.1 Eligibility

To qualify for job opportunities facilitated by PW Skills, learners must meet the applicable criteria below.

Criteria	Non-Tech Learners(DM & DA)	Tech Learners(FSD &DS)
Education	Graduation and above	Graduation and above (B.Tech, B.E., BCA, MCA ONLY)
Year of Graduation/Post Graduation	Learners who graduated within the last 5 years or are graduating in the current or upcoming academic year are eligible.For example in Current year 2026 only 2021-2027 graduates are eligible	Learners who graduated within the last 5 years or are graduating in the current or upcoming academic year are eligible.For example in Current year 2026 only 2021-2027 graduates are eligible
Minimum Academic Scores	Drive specific criteria are determined at the company's discretion; PW has no role in this determination.	Drive specific criteria are determined at the company's discretion; PW has no role in this determination.
Career Services Platform	Registration and full participation mandatory	Registration and full participation mandatory
Policy Adherence	Mandatory	Mandatory

3.2 Career Readiness Certification Requirement

- For programs covered by the CRP, Career Readiness certification is mandatory for access to Career Services opportunities.
- The CRP does not replace the baseline eligibility criteria in Section 3.1; learners must satisfy both the applicable baseline requirements and the CRP requirements.
- The active Career Readiness Score determines the learner's Career Services access level, subject to drive specific eligibility.

3.3 Career Readiness Assessment Attendance

- Learners must maintain a minimum 60% attendance in all live classes during the applicable assessment cycle to be eligible for that stage's Career Readiness Assessment.
- Learners below 60% attendance during the assessment cycle will not be permitted to appear for that assessment stage, with no exceptions under the CRP.

3.4 Additional Eligibility Considerations

Career Gaps:

- Learners with a career gap of more than 2 years will not be eligible for placement opportunities.
- Learners with a gap of up to 2 years may be considered only if they provide valid proof of productive engagement such as certifications, training, freelancing or volunteering, subject to verification.

Profile Relevance and Domain Shift:

- Learners transitioning to a different domain will be assessed as freshers for the target role.
- Eligibility, assessments and opportunities will be aligned with entry level criteria, regardless of prior experience in an unrelated field.
- Compensation (CTC) will follow fresher benchmarks.
- Current hiring trends largely follow an Intern → PPO model for early-career opportunities.

Graduation Year / Experience Relevance:

- Placement opportunities may be limited for learners with older graduation years, especially without relevant domain experience.
- Most entry-level roles prefer candidates who have graduated within the last 2–3 years.
- Many opportunities may begin as internships, with stipends typically ranging from ₹10,000–₹25,000 per month, depending on company policies.

Work-from-Home (WFH) Expectations:

- WFH opportunities are subject to company requirements and role suitability.
- No assurance or commitment regarding WFH roles should be made unless explicitly confirmed by the hiring company.

CHAPTER 4: CAREER SERVICES REGISTRATION AND COMMUNICATION

4.1 Registration Process

- A dedicated Career Services Platform (CSP) will be provided.
- Learners must complete timely registration to access Career Services.

- Learners must provide accurate information, including contact details, previous qualifications, LinkedIn profile link, study-gap details, relevant links and employment history.

4.2 Learner Contact Details & Communication

- Learners should not change their contact details because these details may be shared with recruiters.
- PW Skills is not responsible for communication issues arising from unreachable phone numbers or email addresses.

CHAPTER 5: CAREER SERVICES ACCESS LEVELS

Certification is mandatory for Career Services access. Subject to baseline eligibility and company-specific drive criteria, access is assigned according to the active Career Readiness Score.

Readiness Score	Level	Internship Eligibility	Full-Time Opportunities	Job Nature
40% to less than 50%	Level 1	Up to ₹10,000 stipend	₹2.5–3.5 LPA	Non-Core &Core Roles
50% to less than 70%	Level 2	Up to ₹20,000 stipend	₹2.5–6 LPA	Core
70% and above	Level 3	All internship opportunities	All eligible opportunities	Core

5.1 Interview Allocation

- **All readiness levels receive a maximum of five interview opportunities within the three-month Career Services period.**
- Interview allocation remains subject to company-specific eligibility, learner participation requirements and the One Learner – One Offer Policy.

5.2 Readiness Score Improvement

- PW Skills may periodically conduct Career Readiness Assessments to enable learners to improve their score.
- Frequency may be every 15 days, or as notified by PW Skills.
- Improvement assessments consist of a Technical Test + AI Mock Interview, with maximum marks of 100.
- The latest score is always the active score. Improved scores may unlock higher-level opportunities; a lower subsequent score may revise eligibility downward accordingly.

CHAPTER 6: RECRUITMENT PROCESS AND PARTICIPATION

6.1 Recruitment Process

- CV/Portfolio Shortlisting
- Online/Written Tests
- Interviews (Offline / Virtual)
- Group Discussions (GDs)

Types of Recruitment Drives:

- Online Placement Drive
- Offline Placement Drive
- Internship/Training Drive

Important Notes:

- Career opportunities can be anywhere in India; a 'jobs-in-my-city' approach is not entertained.
- Learners must travel at their own expense for in-person hiring drives.
- Resumes must follow PW Skills-provided templates.

6.2 Participation in Hiring Drives

- Learners may participate when they meet the applicable drive eligibility criteria.
- Learners must complete all interview rounds if shortlisted.
- No rescheduling of interviews is allowed.
- If a learner has applied to multiple companies and receives an offer from the first company, the interview process with other companies will be automatically discontinued.

CHAPTER 7: OFFERS AND POST-OFFER PROCESS

7.1 Types of Offers

Offer Type	Description
Job Offer	Final selection through a placement drive.
Pre-Placement Offer (PPO)	Job offer made during/after an internship, training or project.
Internship Offer	Training/internship offer without guaranteed job placement.

7.2 One Learner – One Offer Policy

- Once a learner secures a job offer, they are not eligible for further recruitment drives. Exceptions may apply on a case-by-case basis.
- Maximum participation limit: five interviews OR one job offer, after which the learner is removed from the CSP.
- Job location preferences are not entertained.

7.3 Post-Offer Processes

- Learners must share their offer letters with PW Skills upon acceptance.
- Learners must follow due process for joining and reporting to companies.
- Learners consent that their career outcome details, along with their picture, may be posted on PW social media pages.

CHAPTER 8: MISCONDUCT, DEBARMENT AND WITHDRAWAL

8.1 Misconduct & Debarment

Violation	Penalty
Failure to attend the mandatory number of mock interviews during the course, resulting in ineligibility to appear for the Employability Test (ET).	Permanent debarment
Not applying for 3 consecutive opportunities	Permanent debarment
Not attending 2 consecutive interviews after applying	Permanent debarment
Cheating, misbehavior, or malpractice	Permanent debarment
Providing false information in registration	Permanent debarment
Leaving the recruitment process midway or declining for any process once begun	Permanent debarment
Contacting company officials without permission	Disqualification for 2 weeks
Criticizing PW Skills publicly (social media, recruiters, etc.)	Permanent debarment
Skipping preparatory sessions, workshops, or assessments	Permanent debarment

8.2 Disciplinary Actions

- Immediate removal from Career Services may apply for misconduct.
- Zero tolerance applies to dishonesty, misrepresentation and unethical practices.
- Learners will receive a written notice for misconduct, and PW Skills' decision is final.

8.3 Withdrawal

- Learners are considered withdrawn if they fail to provide required details, do not register for shared job opportunities, or formally withdraw by notifying PW Skills.

8.4 Consequences of Withdrawal / Disqualification

- No fee refunds or reimbursements are provided for withdrawn or disqualified learners.
- Learners may lose any job offers extended to them.

CHAPTER 9: GENERAL PROVISIONS

- No Placement Guarantee: CRP and Career Services are readiness and opportunity-support frameworks only. A readiness score does not guarantee internships, placements, interviews or employment.
- Right to Modify: PW Skills reserves the right, at its sole discretion, to modify assessment structures, scoring methodologies, eligibility criteria, readiness levels, interview allocation, or introduce additional assessment stages.
- Final Authority: All decisions on assessments, scoring, certification, readiness levels, eligibility, Career Services access and disciplinary matters rest solely with PW Skills and are final and binding.
